

## Dr. Danny Ionescu: Curriculum Vitae

**Current mailing address:** Leibniz Institute of Freshwater Ecology and Inland Fisheries, Alte Fischerhütte 2, 16775, Neuglobsow, Germany

Tel. Office +49 (0) 33082 699 69

Tel. Private +49 (0) 162 9702 888

Email: [ionescu@igb-berlin.de](mailto:ionescu@igb-berlin.de)

Web address: <http://www.igb-berlin.de/en/profile/danny-ionescu>

ResearchGate page: [https://www.researchgate.net/profile/Danny\\_Ionescu](https://www.researchgate.net/profile/Danny_Ionescu)

### Education:

- 2005 – 2009** PhD: Microbial Ecology (Environmental studies), The Hebrew University of Jerusalem.  
Thesis subject: Cyanobacterial Biogeography and Nitrogen Fixation: Lessons from environmental and model organisms. Thesis supervisor: Prof. Aharon Oren
- 2003 – 2005** MSc: Microbial Ecology (Environmental studies), The Hebrew University of Jerusalem.  
Thesis subject: Characterization of an endoevaporitic microbial community in the Eilat salters by fatty acid analysis and stable isotope labeling. Thesis supervisor: Prof. Aharon Oren (in collaboration with Dr. Andre Lipski - University of Osnabrück)
- 2000 – 2003** BSc: Marine sciences and marine environmental sciences, The Ruppin Academic Center

### Academic Employment

- 2014 –** Postdoctorate at the Leibniz Institute for Freshwater Ecology and Inland Fisheries, Stechlin / Berlin
- Effect of land-use on composition and dispersion of organisms in between kettle-holes over a large area ( $>1000 \text{ km}^2$ )
  - Genomics and evolution of aquatic microorganisms
  - Methane formation in **oxic** water columns
  - Analysis of decade long community data from 8 German lakes
  - Development of new reactors for the study of particulate organic matter
  - Microbial activity on particles, *in-situ* measurements and transcriptomic analysis of individual particles
- 2009 – 2013** Postdoctorate at the Max Planck Institute for Marine Microbiology, Bremen.
- Cell-mineral interaction in microbial mats (iron oxidation, iron reduction, calcification)
  - Biogeochemistry of underwater freshwater springs in the Dead Sea
  - Particle-associated bacteria
  - Development of new reactors for the study of particulate organic matter

## Awards

- 2008** Best Poster Award – ISME12, Cairns, Australia
- 2006** The Alexandra Poljakoff award for exceptional Ph.D. students in the department of Plant and Environmental Sciences
- 2003** Best Poster Award – The annual meeting of the Israeli Society of Mass Spectrometry, Weizmann Institute, Israel

## Grants

- 2007/8** Minerva Short Term competitive grant to fund research in the lab of Prof. Wolfgang Hess, University of Freiburg, Germany, as visiting scientist
- 2006** The NASA Planetary Biology Internship (PBI) program (advisor Prof. Jonathan Trent)

## Teaching Experience

- 2015-2016** Yearly workshop on metagenomic-bioinformatics for students and senior scientists at IGB; from sequencing, through assembly to genome annotation.
- 2014-2016** Intensive yearly courses (“Blockkurse”) in Aquatic Microbial Ecology for students of Potsdam University, and Osnabrück University.
- 2013** Lecturer in the biogeochemistry course of the marine microbiology graduate school of the Max Planck Institute for Marine Microbiology (MarMic)
- 2007 – 2009** Lecturer at the Ruppin Academic Center, Israel (The program for marine sciences and marine environmental sciences)
  - Extremophiles – molecular and physiological adaptations of extremophiles and their potential use in biotechnology
- 2004 – 2009** Teaching assistant at the Ruppin Academic Center, Israel (The program for marine sciences and marine environmental sciences)
  - Introductory microbiology (3rd year students)
  - Marine microbiology (3rd year students)
  - Introduction to the marine environment – research projects (2nd year students)
  - From a cell to an organism (1st year students)
  - Project leader in year-long core-projects for marine biotechnology students.
- 2006 – 2009** Project leader in a marine microbiology course in Eilat (Israel) for graduate students from the University of Osnabrück (Germany). Course organizers: Prof. Aharon Oren and Prof. Karlheinz Altendorf
- 2006 – 2009** Teaching Assistant in the IUI “marine microbiology” course in Eilat. Course organizers: Prof. Anton Post, Prof. Shimshon Belkin and Prof. Aharon Oren

## Graduate-Student Supervision

### PhD students

- 2015-** Mr. Marco Günthel, PhD co-supervisor (Swansea University)
- 2015-** Mrs. Therese Kettner, PhD co-supervisor (IGB Berlin)
- 2014** Mrs. Maria Arias, PhD co-supervisor (IGB Berlin)
- 2010-2014** Dr. Stefan Häusler, Main PhD Supervisor (MPI for Marine Microbiology)
- 2011-2015** Dr. Camille Thomas, PhD co-supervisor (University of Geneva)

## **MSc students**

<b>2012-2013</b>	Mrs. Lisa Schüller, MSc supervisor (University of Hannover)
<b>2012-2013</b>	Mrs. Bettina Buchmann, MSc supervisor (University of Oldenburg)
<b>2012-2013</b>	Mrs. Folasade Adeboyejo, MSc supervisor (ZMT)
<b>2012-2013</b>	Mrs. Beatriz Noriega, MSc co-supervisor (MPI for Marine Microbiology)
<b>2010-2011</b>	Mrs. Svenja Spitzer, MSc co-supervisor (Göttingen University)

## **Methodological Experience:**

### OMICS approaches

- Metagenomics and metatranscriptomics – data generation and analysis using dedicated bioinformatic tools.

### Single cell approaches

- Single cell genomes. Low biomass transcriptomics
- Trained nanoSIMS (nanoscale Secondary Ion Mass Spectrometer) operator; Experience in experimental design and analysis of biological and geological samples.

### Microbial ecology:

- Molecular community analysis: High throughput sequencing; Fluorescence in situ hybridization (FISH, CARD-FISH); Fingerprinting methods (ARISA, DGGE);
- Microscopy (Light and fluorescence).
- Microsensors: manufacturing, measurements and data analysis

### Analytical methods:

- Multivariate statistics for ecological studies; Genomic and metagenomics analysis (assembly, binning, annotation); Gene expression statistics (differential expression in transcriptomes).

### Additional experience:

- Stable and radio isotope work for biogeochemistry and molecular biology
- Fatty acid profiling - GC-MS
- Membrane Inlet Mass Spectrometry
- Underwater work: Certified, experienced scientific diver:: Advanced European Scientific Diver; American Academy of Underwater Sciences Scientific Diver – certified for mixed gases and depth up to 100 m.
- On-board sampling (marine and limnic)
- Boat driving license (Israeli level 30: motor boats under 24 m and 500 hp)

## **Language skills:**

	Academic Level	Non-Academic communication		
		Speak	Read	Write
<b>English</b>	Fluent	Fluent	Fluent	Fluent
<b>Hebrew</b>	Fluent	Fluent	Fluent	Fluent
<b>Romanian</b>	Good	Fluent	Fluent	Fluent
<b>German</b>	Intermediate	Intermediate	Intermediate	Intermediate
<b>Serbian</b>	-	Intermediate	Intermediate	Intermediate

## **Editorial and reviewer activity**

Editor: Scientific Reports

Reviewer: Microbial Ecology, Geobiology, Geomicrobiology, Scientific Reports, PLoS One, FEMS Microbiology Ecology, Extremophiles, Limnology and Oceanography, Regional Environmental Change, Microbiology Open, Environmental Science and Pollution Research (and others)

## **Organization of workshops**

**2012** Current research on the Dead Sea – Workshop held at the Max Planck Institute for Marine Microbiology in Bremen.

## **Media Coverage**

My research on the complex genomics of *Achromatium oxaliferum* was featured on several scientific blogs and news channels.

Official IGB press release

<http://www.igb-berlin.de/en/news/giant-bacterium-contains-genomes-entire-population>

Post on the ASM blog “Small things considered”

<http://schaechter.asmblog.org/schaechter/2017/09/a-lakeside-tale.html>

My research leading to the discovery of abundant microbial life in and around underwater springs in the Dead Sea was extensively covered by Israeli, German and international media (CNN, Fox, BBC, RAI-TV, National Geographic, Israel Channel 2 and others).

Official Max Planck Institute press release

[https://www.mpi-bremen.de/en/Springs\\_of\\_Life\\_in\\_the\\_Dead\\_Sea.html](https://www.mpi-bremen.de/en/Springs_of_Life_in_the_Dead_Sea.html)

## **Documentary movies**

“From deep Valley to Mountain High”, Austria, 2010

<http://www.amazon.com/Extreme-From-Valley-Deep-Mountain/dp/B00H8UYSL2>

(DVD available upon request)

Documentary movie on the Dead Sea rift valley for Japanese TV

Aired on NHK Premium August 2013, Produced by Nihon Denpa News co., LTD

(DVD available upon request)

## Complete Publication List
